VOLUME NUMBER 89 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, AUGUST 26, 1948 | NUMBER 20

He Suggests Tax Equalities and More Modern Methods

Cameron, Texas
August 24, 1948

J. B. White, Publisher
Daily Herald,
Cameron, Texas.

Dear J. B.:

As you probably recall, some of the present members of our city government promised during their pre-election campaign, among other progressive economies, a City Tax Survey.

Well that's been about nine months ago and we aint seen none yet. The old one horse methods still prevail including among other things a Board of Commissioners whose duty it is to back up the Tax Assessor and Collector in a duty called Tax Equalization.

This Board as you know consists of three men or women, good and true who are civic spirited enough to take time out from their business or profession to perform a very thankless task for the city, and who are usually repaid for their patriotic zeal with dark looks, angry criticism and loss of business.

Usually, I understand, the Mayor, upon the recommendation of the board of aldermen make these appointments, this year however, as in the case of his first appointments when he took over the administration he consulted not a soul, drew the names from out of thin air and presto, not a dissenting vote from the council, although I am informed that in both cases some of the members of the government later expressed themselves as favoring a more democratic method of making appointments.

The City Tax Assessor informed me last week that only 120 notices of increases in taxation were sent out this year, included in this list, he stated, there was only one large utility company and one major property holder, the other 118 being small property holders like me. I received two of them.

From these 120 notices the city expects to realize an additional $100,-000.00 in tax valuations, according to information given me today by one member of the Board of Tax Equalization. That's an average of $800.00 per tax payer and coming from little guys like me seems a pretty heavy burden upon those less able to pay.

Using my own renditions as an example, one property was increased nearly 40 per cent while another was increased 50 per cent, these increases are certainly unfair in view of the fact that other properties of like nature and in the same immediate neighborhood are assessed at a much lower figure proportionately. The in-

CROP HARVEST WILL SOON BE OVER HERE

The Cameron Compress had received 4500 bales of new crop cotton up to Saturday night, it was reported by P. W. Davis, manager, early Monday.

Crop harvest end is in sight here. Continued dry and hot weather has cut the crop short, although in many sections the turn out is very good. The price has been good and the supply of labor has been adaquate. Except for the drouth which caused a small crop, the weather has been ideal for the harvest.

Already business was feeling the effects of harvest revenues. Cotton still is the leading money crop in Milam county, although it has declined more rapidly than any other phase of the agricultural effort.

CAMERON WOMAN IS ATTACKED BY DOG

Mrs. LeRoy H. Hillyer was attacked by a dog as she left her home on West Second Street Tuesday morning to walk a short distance to the business district.

Mrs. Hillyer suffered a severe shock, although not bitten by the dog, a greyhound.

A number of garage workers in a nearby garage rescued Mrs. Hillyer from the dog and she was returned to her home. She remains in a high nervous state as a result of the attack.

Mrs. Hillyer is the wife of LeRoy H. Hillyer, County Surveyor.

FORMER GOVERNOR IS APPEALING TO FRINEDS

Former Governor Miriam A. Ferguson from her home in Austin telephoned the Daily Herald Tuesday morning to say that she is supporting Congressman Lyndon Johnson for United States Senator.

Mrs. Ferguson remembers with pride the splendid record Milam county made in support of her campaigns and that of her famous husband, the late Governor James E. Ferguson.

Mrs. Ferguson said she would consider it a great favor if The Herald would convey her greetings to the many Ferguson friends in Milam county and ask them to support Lyndon Johnson for the Senate.

In the old days Coke Stevenson and the Fergusons were close personal and political friends. It is a matter of political fact that the late James E. Ferguson gave Coke Stevenson his start in politics. Coke, so the story goes, forgot about his early help from Ferguson and in the latter days parted company with his old friend. This development hurt deeply the feelings of the late Governor Jim.

Mrs. Ferguson as a resident of Congressman Johnson's district, has greatly admired his record in Washington and believes that he would best serve Texas.

When asked whether she would like for The Herald to convey these wishes to the Ferguson friends in Milam County, she said: "That would be a splendid as well as an effective means of letting the old friends of Jim and me know I urge their support of Lyndon Johnson for Senator."

CHRISTIAN CHURCH TO OBSERVE ANNIVERSARY

The First Christian Church of Cameron was founded in August 1892.

Sunday, August 29th, there will be a celebration of this anniversary at the Morning services.

So far as records are available services have been continuous since that time, even though sometimes pastors were not available. All members and friends of the Church are urged to be present for this occasion.

It is the hope to have present any charter member who are able to attend this celebration, and the oldest member from the point of membership in this church will be honored.

WORK IS FAR FROM COMPLETE IN CITY

Although considerable progress is noted the work of proofing buildings in the mercantile area against rats as a part of the rodent control work here, much remains to be done.

Authorities in control of this work are able to report that 33 buildings have been proofed. One building is under proofing where the owner agrees to do a part of the work but has not done so as yet.

Owners of 17 other buildings in the mercantile area have agreed to let the Health Unit proof their property against rats.

Owners of 15 buildings have not as yet agreed to comply with the ordinance enacted last spring. Just what the government will do is not forthcoming. It was certain that if these properties are not proofed the gap will be large. Four are cafes, one a grocery, a dry goods store and oddly enough the building occupied by the Health Unit.

While much work remains to be done it was regarded as very encouraging to note the work that has been done under the supervision of Dan Gunn, representing the city.

Texas Ginnings Top 1947 Total To-Date

WASHINGTON, Aug. 23—Texas and the nation are ginning a lot more cotton so far this year than in 1947 and 1946.

The census bureau said today 544,-406 bales of 1948-crop cotton were ginned in the nation prior to Aug. 16, compared with 324,110 in the same period last year ond 285,-222 two years ago.

Texas had gained 488,154 bales by Aug. 16 of this year, almost double the 1947 figure of 277,573. Louisiana's figures were 42,965 and 5,274. Round bales were counted as half bales.

30 Years At Coleman's

W. M. FANNING

Mr. Fanning is paid an unusual tribute this week by the store he has served for 30 years. This event takes on the form of a sale at the store but implies much more because the people of the Cameron area will have an opportunity to express their appreciation of a very fine citizen.

Thirty years ago Mr. Fanning came to Cameron and began his work with the Coleman Furniture Company, now known as Coleman's. This week end and for 7 days beginning Saturday, August 28 the store will be his. He will receive a percentage of the gross sales for the period of the sale.

"No, it is not really my birthday," said Mr. Fanning, "because after all I am more than 30 years old, but this August does mark the end of 30 years association with the Coleman's. So, to celebrate this event, I am having a sale all my own, opening Saturday the 28th. The store is mine for the seven days. I will receive a bonus on the gross sales for the week and I am inviting my friends and customers to come in and see me."

James L. Coleman, owner of the store, had the following to say:

"The management of this store is pleased to take this means of grateful recognition of thirty years of association with W. M. Fanning. It was in August, 1918 that Mr. Bill first came to work for the old Cameron Furniture Co., which was headed at that time by my father. World War I was drawing to a close and the summer had been very hot and dry. Floods, drouths, depression and another World War all have added to trials and tribulations of 30 years of business, but the loyalty, friendship and honest stamina of W. M. Fanning has survived. A certain percentage of the gross sales of seven days will be paid him and your purchases will add to his Anniversary Bonus."

New Great Western "Red River" Opens At Cameron Tomorrow

Movie fans who like their film fare set against the great outdoors, should have a wonderful time seeing Howard Hawks' great Western, "Red River," and Monterey Production which opens tomorrow at the Cameron Theatre through United Artists release. The film is packed with action, colorful characterizations and suspense-packed drama.

John Wayne, whose name at once arouses thoughts of a rugged and vital personality, plays to the hilt the heroic role of Thomas Dunson, a romantic character whose dream of building a cattle empire in the great Southwest forms the nucleus of the film's story.

Young Montgomery Clift, as his adopted son, Matthew Garth, also turns in a performance that is as brilliant as it is different. Clift, who made a hit on the Broadway stage, is a comparative newcomer to films. His one prior appearance, in "The Search," a film made in Europe, earned for him the plaudits of both discerning critics and public alike.

Co-starred with Wayne and Clift are Walter Brennan, playing one of those delightful, crochety characters he has made famous, and a lovely young star named Joanne Dru, who has already made her mark in Hollywood.

"Red River" is a Western saga adapted from Borden Chase's exciting Saturday Evening Post 5-part serial, "The Chisholm Trail." Mr. Chase also wrote the script in collaboration with Charles Schnee. The story tells of Thomas Dunson's safari from Texas to Kansas, as the head

RAIN PEPPERS TEXAS LANDS

COKE WILL CARRY MILAM COUNTY

RUSSIA CLOSES CONSULATE

CLOUDS BLOT OUT HOT SUN BRINGING RELIEF

Rain peppered the parched plains and burned out farm areas of Texas late Tuesday and brought temporary relief from high temperatures.

At Orange, in southeast Texas near the Louisiana border, "ground soaking rains" drenched the parched countryside. It was the first real rain there since April. Stockmen were thankful for the rain, but rice growers feared the harvest would be damaged.

Rain and shade-producing clouds also brought relief from the heat at Waco, Big Spring, Houston, Beaumont, Austin, San Antonio and Dallas.

At Waco, where the temperature was a comfortable 75, light showers fell. The showers were accompanied by thunder.

Big Spring's rain was light.

An early afternoon rain at Houston made the mercury retreat from 87 to 74 degrees, a drop of 13 regrees. It was the city's first shower since July 31.

The rain at Beaumont was described as "a conservatively light shower." It measured .26 inches at the Jefferson county airport, where weather observers said spotty showers fell in the area. Rice crops were benefitted. They are not yet ready for the harvest stage.

An 11-degree drop in temperature was noted at Austin when rains fell in the afternoon. The drop was from 91 at 2:30 p. m., to 80 an hour later. The weather forecaster there predicted cooler weather because of the clouds and rain.

Cooling showers fell before noon in San Antonio.

Light rain was reported in Dallas county.

Temperatures generally over the state were somewhat lower yesterday than last week's sizzlers. It was a chilly 58 early yesterday at Amarillo. The state's temperature decline, however, was described as seasonal and only slight.

FARM BUREAU IS TOLD ABOUT FISH

Members of the Milam County Farm Bureau heard an A&M expert tell how to raise fish on their farms.

R. E. Calendar with the wild life and game department at the college was speaker at the meeting and his subject was "Raising Fish by the Acre". He told the farmers how to build their ponds, how to stock them and the types of fish suited to the family table.

The talk included food for fish and how to keep their ponds well balanced and how to feed fish. He said that farmers would not only raise fish by the acre but should maintain wild animals on their farms.

Farm Bureau members and their families will enjoy a basket picnic and community party on September 16. The Buerau also plans a membership drive this fall.

The committee to arrange the picnic and party are Mrs. James Elrod, Henry Schattle, Mrs. Frank Hanel, S. W. McClaren and Herman Hoelscher.

Heat Wave's End Not Yet In Sight

The weather bureau said last night that the end of the state's prolonged heat wave is not in sight.

Continued hot weather is forecast for today and tomorrow.

Temperatures throughout the state yesterday were generally slightly lower.

The mercury soared to 103 at Mineral Wells, hottest place in the state yesterday.

It was 101 at Abilene, Wichita Falls, Presidio and Bryan and 100 at Fort Worth and San Angelo.

No rain fell.

VICTORY IN STATE IS SEEN BY CHRONICLE

Coke Stevenson will get a majority of votes cast in Milam county on Saturday, August 28.

In the first Primary the former governor and now candidate for United States Senator, received a commanding plurality, a total of 2210 votes. Lyndon Johnson received a total of 1689. George Peddy who polled over a quarter million votes in Texas in Senate race received 1136 votes on July 24.

Through long years of observation The Herald has made a close study of votes cast in the 47 percincts in the county and has concluded that a majority of the Peddy votes will go to Stevenson.

Stevenson received 509 votes more than Johnson in the first primary. With the expected failure of many to vote it is estimated that some 4500 votes will be cast. That would be about 1000 less than was cast on July 24.

Stevenson would have to pick up only about 30 per cent of the Peddy vote to carry the county. That he will do. Organization is the prime element of political success. Johnson has no organization in Milam county while Stevenson has a strong backing an active influential workers.

The Houston Chronicle, strongly supporting Stevenson, in an editorial Wednesday said that Stevenson is definitely in the lead and that Johnson is losing ground.

The Blanco Congressman was not taking anything laying down. He was optimistic, said he is going to win. Johnson has picked up a great amount of support all over the state. Texas Election Bureau a strict neutral organization, was telling its correspondents that indications were the race would be close.

The Houston Chronicle speculating on the Peddy support in East Texas says the majority of his votes will go to Coke. The Chronicle goes on to predict that 70 per cent of the Peddy vote will go to Coke. This estimate seems too high. Mr. Peddy received few labor union votes.

Both Stevenson and Johnson have been accused of receiving labor support. Coke was indorsed by labor unions for Johnson proclaimed he voted for the Taft-Hartley Bill and Coke was silent. Now Coke says Lyndon has been secretly indorsed by the CIO Political Action Committee. Regardless of these accusations and last minute scandal sheets the people of Texas will go along pretty much as usual without any excitement and send Coke to the Senate.

At the rate of increase Labor will soon be a factor in Texas and no candidate may well succeed and oppose labor. In fact the political picture is changing in Texas. The wool hat boys from the forks of the creek who used to whoop it up for Jim Ferguson have gotten a hair cut and moved to town. That white streak around their necks is spreading. Yes, we have in the making a complete industrial democracy.

Buckholts Schools Will Open Sept. 6th

Buckholts school will open September 6. Students will register and receive their text books Monday morning at 8:30 and class work will begin Tuesday.

The following are members of the faculty: Mrs. Coy C. Arledge, superintendent, Mrs. J. O. Mitchell, Mrs. Vess Young, Mrs. Rodney Barker, Mrs. W. O. Wittington, Mrs. Denton House and Miss Mary Walschak. Arnett Zalesko, basket ball coach and science teacher resigned and his place is still to be filled.

Bus drivers are Fritz Senkel and William Malovets. Mrs. Fritz Senkel and Mrs. Johnnie Stoebner will have charge of the lunch room.

Quit that fussin'.

REDS MAD AS THEY REJECT US PROTESTS

WASHINGTON, Aug. 24—Russia heatedly rejected tonight the United States' protests over Soviet actions in the Russian teachers case and cut off all consular dealings with this country in retaliation.

The State department received a note from the Russian embassy after regular business hours tonight, and officers said that was the gist of a quick, rough translation.

There was no official statement on the point, but diplomats said it was just what had been expected. There had bee nno decisions on the next U. S. move, if any.

Michael McDermott, department press officer, said the communication had not been fully translated, and for that reason he would not give precise quotations.

It maintained the Russian position in the case of Mrs. Oksana Kansenkina who jumped from a New York consulate window after Consul General Lomakin had "rescued" her from an anti-Soviet Russian retreat in New York state, McDermott said.

It also gave notice that the New York and San Francisco Soviet consulates, the only ones maintained by Russia in this country, will be closed. And it advised that Russia wants the American consulate in Vladivostok shut down and is cancelling an agreement for the opening of a consulate in Leningrad. There are no other American consulates in the Soviet Union.

LONDON, Wednesday, Aug. 25—The Moscow radio said early today the Soviet government has decided "to close immediately both Soviet consulates in the United States—in New York and San Francisco"—as a result of the Kasenkina case.

The radio said the decision was disclosed in the text of the Soviet government's reply to the U. S. state department's note of Aug. 19 on the case of the Russian school teachers.

The broadcast said the Soviet government also had decided:

"In accordance with the principle of reciprocity to consider the United States consulate in Vladivostok to be closed immediately. On the same basis to consider that the agreement previously arrived at between the governments of the U. S. S. R. and the U. S. A. on the opening of a United States consulate in Leningrad as having lost its validity."

Central figures in the case are Mrs. Oksana Kasenkina and Mikhail I. Samarin, Russian citizens who had taught the children of Soviet officials in the United States.

MICHALKA MOTORS ARE STUDEBAKER DEALERS

Studebaker Corporation has just announced the appointment of Michalka Motors as dealer in Cameron.

The name of Studebaker has long been associated with Michalka Motor Company and is too well known to need introduction because Studebaker is one of the time honored names in transportation.

Now Michalka Motors has been named dealer for the new 1949 Studebaker cars and trucks.

The announcement takes on added interest because Mr. Michalka has on display one of the new cars and also one of the new trucks. Studebaker is showing the 1949 cars ahead of other manufacturers and you can see the 1949 truck fo.r the first time, also the new look in fine passenger cars in the new Studebaker.

Mr. Michalka will also exhibit all models of the new Studebaker and hopes to be able to make rapid deliveries.

In accepting the new Studebaker agency Mr. Michalka will stock a complete line of parts and will give the finest kind of car and truck maintenance service.

Don't Go West Young Man; Just Go And Get Married—Soon

Draft exemption for married men apparently speeded a lot of wedding plans this weekend.

Reports from a number of cities indicated an upswing in the number of marriage licenses issued to young persons.

The trend, however, was not nationwide on the basis of scattered reports.

But the rush in Brooklyn grew so heavy the marriage license bureau called in the police to help control the flood of applicants Saturday.

Four hundred licenses were issued there in a half day, about four times as many as on a similar Saturday last year.

Married men were officially deferred from the draft by President Truman on Friday, and selective service officials said that as regulations now stand, men married between now and the time they have to register for service will be exempt.

In Chicago nearly 500 couples applied for licenses Saturday, topping any August figures this year.

A flood of applicants for marriage licenses kept the St. Louis, Mo., license bureau open an hour overtime Saturday. Most of the applicants were in the draft age group.

Asked whether the rush to get married might affect the draft program, Maj. Gen. Lewis B. Hershey, director of selective service, said he had had no official reports on the situation.

TP&L Posts Reward $100 Growing Out Breaking Insulators

Inconvenience to users of electricity has occurred on several occasions recently because of boys or hunters shooting insulators on the Texas Power & Light Company's lines, according to Henry Siebman, district manager for the company.

"While such occurrences may be from innocent pranks or careless shooting," he said, "they frequently result in serious property damage and can cause interruption of electric service over a wide area to industries dependent upon electric power, as well as to farms and residences. These inconveniences have been severe enough for a standing reward of $100 to be offered for the arrest and conviction of anyone damaging these insulators intentionally, speci-

Francis Cox Now At Band Clinic

Francis Cox, band director of Cameron schools left Cameron, Sunday for Fort Sam Houston State Teachers College in Huntsville where he will attend a summer Band Clinic which is sponsored by the Band Department of the college.

The Clinic will be conducted by Dr. William Revelli, who is head of the world famous University of Michigan band, which made such a hit in it's appearance at the last Rose Bowl game. Mr. Cox expects to return to Cameron on August 28.

BRITISH RETALIATE BY NABBING RUSSIAN

BERLIN, Aug. 22—Soviet military police arrested an American military goverment official on the British side of the tension-ridden Potsdamer Platz today and took him away in a jeep.

The official is Thomas Headen, deputy chief of the American military government's information control division. An American eye-witness said Headen was forced into the jeep by three Soviet soldiers armed with tommyguns, and he was taken into the Soviet sector.

Headen's wife and child were with him at the time.

Headen was carrying a camera but was not using it. Soviet patrols recently have tried to arrest all cameramen on sight.

Late today the chief of the Soviet-controlled criminal police, Franz Erdmann, was arrested by British sector police at Olympic stadium while watching a boxing match. It was not learned whether the arrest was a retaliatory measure for Soviet abductions of western sector police.

British military police said Headen was standing close to two other persons taking pictures, although his own camera was folded up. The other two picture takers ran when the Soviet jeep rolled into the square.

Increasing Soviet hostility in the struggle to force the wester powers from the city, coupled with renewed Soviet press attacks on the western powers, were taken as indications here that Soviet authorities in Germany do not expect any settlement to come out of the present four power talks in Moscow.

Headen had criticized the Russians for suppressing freedom of expression in their zone of Germany by police methods. He said in a broadcast last February that they "have the same fear of truth and criticism which was displayed by the nazi dictatorship".

Headen once was a member of the staff of the New York Sun. His last address before leaving for Europe was Hempstead, Long Island, N. Y. He formerly lived in Kansas City, Mo.

TWO ACCEPT DRAFT BOARD

The Chamber of Commerce said this morning that August Kunz and F. G. Blake had indicated they will serve on the Draft Board. Three men interviewed previously had declined. Another member is still to be obtained. The special committee of the Chamber met at 8 a. m. Friday.

Max Westerman of Thorndale was a Cameron visitor last week. Mr. Westerman is with the Texaco Company of Thorndale.

Were it not for party lines, thousands of people—now being served—would still be waiting for telephones despite all the effort we've been able to put into the manufacture and installation of new telephone equipment.

If you are on a party line, you'll find courtesy and neighborly co-operation pay big dividends in better service. A party-liner who is thoughtful of the other fellow may well find that the other fellow will be thoughtful of him.

SOUTHWESTERN BELL TELEPHONE CO.

Long Distance Phone Rates Are Increased

DALLAS, Aug. 20—Southwestern Bell Telephone Co. today announced the first increase in intrastate long-distance toll charges in Texas since 1919, effective Sept. 1, along with the abolition of all report charges.

The increases, which apply principally to calls for shorter distances and to person-to-person calls, will give Southwestern Bell about 7½ per cent hike in gross toll revenue in Texas, General Manager W. L. Prehn said today.

Prehn said that increased operating costs forced the company to invoke the increase. He pointed out that since the last increase 28 years ago, toll charges have been reduced 11 times by the company.

Animals On Highways Violates Law Says Highway Patrolmen

Highway patrolmen stationed in Cameron have prepared a short quotation from the law against livestock on the highways and here is the quotation:

Penal Code—1370a. Animals running at large on State highawys; Any person owning or having control of any livestock who permits the same to traverse or roam at large, unattended, on the right-of-way of any designated State Highway in this State where the same is enclosed by fences on both sides shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding two hundred dollars.

Belton Coach Says Yoemen Team To Beat For The Title

By LEFTY BYERS
Telegram Sports Editor

BELTON, Aug. 19 — Coach Bill Duncan's crew-cut was literally bristling today, and it didn't take him more than a split second to explain why.

Boiling it down to nut-shell proportions, he says Cameron is much stronger than Leo Jackson indicates.

"Leo's 'reserve lettermen' have more experience than any of my best boys this year," the Belton Tiger mentor declared. "I saw those boys play last season, and they played more than just a little bit."

And so begins a first-class feud.

Duncan places the Yoemen in their usual position on the throne, with Rosebud following not too far behind.

He was hasty in adding however, that Killeen, a team which almost fought Cameron to a draw last year, would be another tough customer in the District 21-A race.

Trailing back to his own troubles at home Coach Duncan outlined difficulty in getting all his boys together for practice this early in the season.

At this point he threw in a powerful and legitimate plug for the return of spring training.

"In schools like Belton, a lot of the boys live on the farm and there's plenty of work for them this time of the year. Some of them can't break away for football practice, and that's some of the trouble I'm having now," he said.

Seven of Duncan's first 12 prospects are in that category—but he plans to remedy the cause in one instance.

A couple of his better hopefuls are up to their ears in corn-gathering and can't make it in for daily workouts.

Duncan says he may take the Tiger gridders out for a day and clear the job once and for all.

"It'll be good training for the 30-odd Tigers," the coach said.

Belton's experience this season stands in the form of five returning lettermen and three other boys who were or the A squad last year. The rest will be up from the B team or from junior high.

Duncan expressed strong confidence in them and said he expected a better team toward the end of the season than he had last year.

Walter Davis, a graduate of Daniel Baker at Brownwood and coach at Woodville last year, will be assistant to Duncan, replacing O. D. McCauley, who is now tutoring in Itaska

The five lettermen listed by Coach Duncan are Jimmy Wright, back, 157 pounds; Tom Maples, back, 156; Lucian Morrison, center, 160; Bill Hayes, tackle, 200; and Robert Zodek, guard, 158.

Other returning A-squaders are Bill Brakebill, end, 150; John Brakebill, back, 150; Jerome Pechal, guard, 168.

Top contenders from the B-squad are Royce Boren, back 148; Westley Boren, tackle, 185; Billy Don Miller, guard, 145; Royce Smythe, end 150; Bobby Tulloch, tackle, 155; Dale Parker, tackle, 180; Richard Jones, center, 155; and Odell Estes, back, 155.

Junior high prospects are Lowdon Caldwell, end, 160; Donald Reynolds, end, 157; and Tommy Moore, back 130.

Several of the Tigers have not been able to attend practice yet, but Duncan plans to take around 30 out to the Boy Scout camp south of Belton for a two-week training camp.

3 Man Draft Board Is Complete Now

The three man Draft Board for Milam county is now fully staffed.

They are: August Kunz and F. G. Blake of Cameron and Grover C. York of Rockdale. All have been selected by Chamber of Commerce committee and Young Men's Business League.

All men named have agreed to serve, it was disclosed when their selection was announced. The Chamber of Commerce Committee in Cameron was John Henderson, Drayton McLane and L. F. Gohmert.

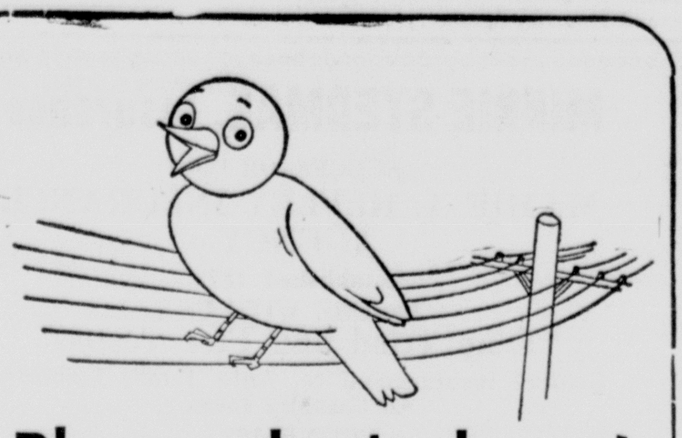
Printing is a home industry.

The young people of the First Christian church serve as the evening choir for the services. Last Sunday this choir brought a special number in song by Bobbie Witcher and Jimmie Markham. After the services the young people returned to the home of the Pastor, Wendell Carr where they played a variety of games and enjoyed refreshments. Some 28 young people and sponsors enjoyed the evening.

Miss Alyce Kosel is spending a two weeks vacation with friends and relatives in Cuero, Yoakum, and Corpus Christi.

Mrs. Wendell Carr, and two daughters, Christine and Treca Lou, accompanied by Mrs. L. R. McMullen of Weslaco spent last week in the home of a brother and family of Mrs. Carr's at Plain Dealing, Louisiana. While here they visited places of interest in Arkansas and Louisiana.

Gloria Hearne of Temple spent the past week end in Cameron with her mother, Mrs. O. H. Hearne and other relatives. Miss Hearne is a nurse at Scott and White Hospital in Temple. She also visited in near by towns during her two weeks vacation.



Please don't shoot!

Blazing away at a bird on a telephone wire may break the wire and interrupt important long distance calls.

Last year stray shots put 2,500 telephone wires out of action. That's why we ask:

Please don't shoot at birds on telephone wires or poles.

MILANO NEWS

Miss June Westbrook and Miss Patsy Wilson were hostesses to a miscelaneous shower Thursday afternoon in the home of Miss Westbrook honoring, Mrs. Curtis Miller. A series of games were played with Mrs. Will Hensley and Mrs. Alvie Blackmon winning the prizes. They presented the prizes to the honoree. The hostesses assisted by Mrs. E. C. Westbrook served refreshments with cake from a lace covered table. At one end of the table was the crystal punch bowl and at the other end was the cake. The centerpiece was a bowl of colorful zinnias. The honoree received many lovely gifts and thanked everyone in her charming manner.

Mrs. L. C. Vanover has returned to her home in Houston after several days visit here with her mother, Mrs. Ida Howes.

Mr. and Mrs. H. H. Pruett have returned home from a pleasant visit with their children in Houston.

Mr. and Mrs. Nick Brennan visited his mother here recently. They are making their home in Lexington where he will each again this term.

Miss Patsy Wilson is visiting her aunt, Mrs. Pearl Williams this week. She will return to Houston soon where she will enter school. Also visiting in the Williams home is her sister, Mrs. Bertha Ogle and family from Oklahoma.

We are glad to report Mrs. Ollie Bullock has returned to her home after being a patient in Scott and White Hospital for some time. She is much improved. Also Mrs. Allen Kirkland, who has been a patient in Marlin Hospital returned home the past week and is improving nicely.

Post greetings were received from Mrs. F. W. Ilaames, who is in Alabama visiting relatives. She is having a wonderful visit and will be home in two weeks or more.

Mrs. Jessie Bankston has returned home from a visit in Houston with her children.

Several from Milano attended the revival at Liberty conducted by Rev. Adam, who at one time resided near Milano. He was former Supt. of Milano High School.

Federal Agent Raids Slot Machines In Thorndale Tuesday

(Thorndale Champion)

A Federal Internal Revenue Tax Collector made a raid on operators of slot machines here last Tuesday and assessed penalties equivalent to the Federal Tax. The agent visited four places where the machines were in operation according to reports.

In connection with the above news item from the Thorndale Champion, the federal government does not prohibit the operation of slot machines. The federal government is interested only in revenue from taxes on them. Slot machines are unlawful in Texas. They are unlawful in Milam county, although they have been operating for some time. The slot machine racket is a cloture subject.

Temperature Jumps To 104 Degrees In Cameron Thursday

Temperature in Cameron Thursday jumped to 104 degrees it was disclosed by L. W. Smith, local government observer.

The heat Thursday was some 4 degrees more severe than the temperature on Wednesday.

The temperature Thursday was within one degree of the maximum for the year. The highest temperature on record was on August 18, 1909 and that day it was 113 degrees.

TALKS IN MOSCOW WILL BE CONTINUED

MOSCOW, Tuesday, Aug. 24—Prime Minister Stalin's meeting with the envoys of the three Western powers resulted early today in a decision to continue the current Kremlin talks. The decision gave new hope for settlement of the deadlocked Berlin and German problems.

U. S. Ambassador Walter Bedell Smith, in excellent humor after a four hour and 40-minute session with Stalin, Soviet Foreign Minister V. M. Molotov and his British and French colleagues, told newsmen as he returned to his embassy at 1:40 a. m.:

"We're going to have more meetings."

Thus the vital and secret four-power negotiations which yesterday seemed destined to end in disagreement were injected with new life.

It was learned on excellent authority that the three Westerners took their case to Stalin after a snag developed in recent meetings with Molotov. It was the second sessio nthe prime minister attended. He and Molotov met the envoys Aug. 2. Molotov was the ranking Soviet official at the July 31 and Aug. 6, 9, 12 and 16th meetings.

Guests in the home of Mr. and Mrs. Wendell Carr last Saturday were Mrs. C. P. Wortham and daughter Mary Gene of Weslaco. They are at present in Temple while the husband and another daughter are in the clinic at Scott and White.

Land Suit Case Is Before Judge Watson

Judge John Watson in District Court has under consideration evidence in the case in which Bud Johnson of Buckholts, entered suit to recover 127 acres of land he claims is due him from the estate of the late Mamie A. Hefley.

Lawyers in the case were to file briefs and the judge will take these additional representations under advisement. Judge Watson will render his decision in the case later.

Bill Wallace of Cameron and his uncle, Holland Wallace of Cuero are representing the executors of the Hefley will. Camp & Camp are representing Mr. Johnson.

107 Degrees Friday In Fort Worth; Heat Due To Continue

Sizzling heat continued to burn Texas Friday and forecast Saturday is that no relief is in sight.

No rain iis forecast and no winds are due. Nights have been oven stuffy., Fort Worth had 107 degrees Friday and Dallas had 106.

Generally the state felt almost record temperatures Friday and may exeperience the same kind of heat Saturday and Sunday. Drouth conditions were becoming alarming in some sections.

Mr. and Mrs. Chas. Hicks are attending a lunch room meeting in El Paso this week. The meeting is a week affair.

Relatives Surprise Visit Cass Fikes Here Monday Night

Cass Fikes was very happy Tuesday morning as he related a surprise visit at his home Monday of a number of relatives, one of whom his aunt who had not visited Cameron in 60 years.

They had a delicious dinner and all enjoyed the evening talking over old days here.

Mrs. Martha Spraberry is Mr. Fikes' aunt. She lives at Anson and as a child lived in Cameron but some 60 years had intervened since she last saw the old village.

The relatives who visited Mr. Fikes were leaving Tuesday for their homes. They are Mrs. Martha Spraberry and Willis S., of Anson, Texas, Mrs. Gertie Sanders also of Anson, Mr. and Mrs. Jim Beauchamp of Salado, Mrs. Ida Sikes of Belton, Mr. and Mrs. Jim Spraberry of Cameron, Mrs. John Wallace and Mr. and Mrs. Les Wallace also of this city.

REVIVAL MEETING

At the Cameron Gospel Tabernacle, across from the City Park. Services each evening at 8. Special singing by Evangelist, J. B. Duke and wife of Dallas.

Everyone is cordially invited to attend these services. Evangelist, J. B. Duke and Rev. H. M. Bowley, pastor.

Mr. and Mrs. George Malone of McGregor spent the week end visiting his parents, Mr. and Mrs. Eric Malone and other relatives and friends in Cameron.

Mrs. Teletha Ray and grand daughter, Barbara Gay Davis of Coleman are visiting in the home of their brother-in-law and sister, Mr. and Mrs. J. A. Houston and other relatives here.

MAY ASK MOSCOW TO RECALL HER ENVOY

WASHINGTON, Aug. 18—Stern words from Secretary of State Marshall today foretold a stinging American rebuke to Russia within 12 hours for pressing its pack of charges against the United States in the refugee school teacher cases.

At a news conference, Marshall appeared fed-up with the Soviet diplomatic and propaganda campaigns built around the cases of Mrs. Oksana Stepanovna Rosenkina and Mr. and Mrs. Michael Samarine, Soviet citizens who don't want to go back.

The United States, he said, views with serious concern the Russian charges against this government and some of its officials involved in handling the refugee teachers. They have been promised U. S. protection.

The concern arises, Marshall said, from the fact that evidence placed in the hands of the State department by New York police authorities does not bear out the Soviet claims. Moreover, he said, the action of Mrs. Kosenkina—who desperately jumped out of an embassy window last Thursday—itself refutes the Russian charges.

It was unusual for the Secretary, normally a stickler for secrecy, at such times, to discuss the line of an American position 24 hours before it is formally expressed to a foreign government in a note.

His action apparently reflected the indignation felt by many officials here over Russia's repeatedly making charges of kidnapping, connivance, imprisonment and the like against the United States in spite of repeated American denials and the action of the school teachers themselves. Both Samarine and Mrs. Kosenkina have voluntarily sought to remain here and the State department has said they can do so.

Marshall left open at his news conference the possibility that the American government may ask Moscow to recall Jacob M. Lomakin, Soviet consul general in New York, because of his part in the Kosenkina affair. The Secretary replied no comment when asked about Lomakin's future. A request for his recall on the ground that he is no longer acceptable in the United States is under consideration by the State department.

63 ABSENTEE VOTES

Miss Bessie Dunham, chief clerk at the office of Homer Nabours, county clerk, said that 63 absentee votes were cast and applied for up to noon Wednesday. The number is not expected to be as high as that in the July primary.

CAMERON, TEXAS

Negro Pardoned By Governor In June Rapes a White Woman

District Attorney Clyde late Monday afternoon cut short a three-week vacation of the Tarrant county grand jury and called it into a special session at 9 a. m. Tuesday to hear charges against Cleveland Stovall Jr., 21, of 3122 Prairie, Negro, confessed attacker of a 33-year-old white woman in her Eagle Mountain Lake home.

Stovall, muscular and five feet eight inches tall, did not appear afraid or remorseful as he made his statement to Clyde in the fingerprint room of the county jail office. He was charged in Justice Hurley's court with criminal assault and held without bond in Tarrant County jail.

In the Negro's wallet was a conditional pardon dated June 4, 1948. Records showed he was convicted of burglary at Lubbock and was sentenced to five years in January 1947. He said he had been employed here by the American Manufacturing Company until Aug. 1.

Stovall was flushed out of hiding in a clump of bushes in a draw in a thickly wooded section of the Bobo Lawrence Ranch between Highway 199 and the 10-Mile Road on the northeast corner of the lake.

THREE NEW FACULTY MEMBERS TO BE HERE

Some 400 students are expected to be enrolled in Yoe High School when the fall term begins on September 13.

According to S. M. Layfield, principal at Yoe High, the enrollment will be about the same as in 1947. "Approximately 397 are exepcted to register," said Layfield.

Registration will begin on September 6 with school term opening on September 13. Mr. Layfield said that 3 new members of the faculty will begin their duties Steptember 13. They are:

Miss Margie Williamson, formerly of Huntsville and a graduate of Sam Houston Teachers College. She will teach in the commercial department.

Miss Betty Ann Gilmore of Whitney will be in the Home Making Department. She is a graduate of North Texas State Teachers College.

Johnny Hauk, a Baylor graduate and a Clarkson boy will be with the Athletic Department.

WHO EVER HEARD OF MONEY IN POLITICS

Both candidates in Texas' U. S. Senatorial runoff talked Thursday of money being spent like water against them.

Coke Stevenson, in a radio address originating at Austin, said money from "secret and unnamed" sources is being "spent like water" to defeat him.

Lyndon Johnson, in a statement at Fort Worth asserted the opposition to him was "spending money like water to raise a smoke screen and divert attention from the real issues."

Said Stevenson:

"I know you are not going to allow the office of United States Senator to be bought and paid for, regardless of whether the money comes from self-seeking millionaires, self-seeking out-of-State CIO bosses, or self-seeking and mysterious backers of Henry Wallace."

Said Johnson:

"I see by the high-priced advertisements in newspapers, the large billboard ads, and the smear sheets, that the black bag of the labor bosses has finally arrived from the North to swell the slush fund being spent to purge Lyndon Johnson."

Johnson called Stevenson "the grandpappy of all mudslingers."

Earlier Stevenson had said Johnson is resorting to "frantic mudslinging."

Johnson made a noon radio broadcast at Fort Worth, and was a "non-political" speaker tonight for a meeting at Marine Park there with members of the Fort Worth Chapter of the Air Reserve Association.

The Congressman said Stevenson was making "desperate efforts" to "mislead the public."

Stevenson's radio speech was preceded by a day statement from his headquarters that "a smear sheet" attacking him will be distributed over the State in the last week of the campaign.

Two Receive Degrees At Baylor University

Two Cameron men received degrees at the graduation exercise at Baylor University Bowl Wednesday evening, August 18.

Billy Black, son of Sheriff and Mrs. Carl Black, received his Bachelor of Business Administration Degree. Billy entered the navy at the age of 17. He spent one year with the ROTC program in Arlington, one semester at TCU in Ft. Worth and one semester with the Rice Institute. He was then transferred to the Air Corps until the end of the war and then entered Baylor University.

Billy plans to re-enter the college this fall and study law.

George Mark Lamb received his Master of Arts degree at the exercise. "Study of Retardation in the Cameron school district of Milam County".

Mr. Lamb is a teacher for the veterans administration of Cameron.

Mrs. H. G. Hudson, formerly Miss Frances Hause, is here visiting her parents, Mr. and Mrs. John Hause. She came by plane from her home in Chicago to Austin where she visited her brother, Durward Hause and then to Cameron. She will be here all this week but must return to her home by September 1. Mr. Hudson formerly lived in Cameron and is now a contractor in Chicago.

Ed Westbrook, night clerk at Hotel Cameron is visiting in the home of his son at Levelland, Texas while on vacation.

And every Meal Ordinarily Requires 20 minutes to 3 hours to prepare

SAVE TIME WITH A **CHAMBERS** RANGE
That Cooks with the Gas turned OFF

Eliminate that drudgery of pot-watching 3 times a day, 365 days every year. In a Chambers Range, you can start a complete meal of meat, vegetables and dessert early in the day, with only 20 to 30 minutes of gas, turn off the gas completely, and be free to leave the house. Dinner finishes cooking on retained heat and does so in the usual length of time. But it need not be removed when done, as nothing can burn or scorch. Hours later you can serve a delicious dinner direct from Chambers Range to table. Stewed fruit and breakfast cereal can be started at night with only 10 minutes of gas; you can enjoy meal-to-meal cooking throughout the day—at your own convenience.

Giles McDermott who recently sustained injuries in a fall from a horse is able to be up and about the city. Friends are glad to note his improvement. Mr. McDermott was riding on his farm near Cameron when his horse stepped in a hole and fell throwing Mr. McDermott clear of the saddle. He sustained a broken shoulder blade, a painful injury and it will be sometime before he can recover full use of his left arm.

Weather Will Get Hot Again; Relief Not Yet In Sight

Don't be deceived by those clouds. They will persist for another 48 hours—probably. Then it is going to get hot again, very hot.

There will be no rain unless things change up considerably. Over Texas Tuesday very little rain fell and only in scattered sections.

Here in Milam county, traditionally forgotten territory, Milano had a very good rain, perhaps a half inch over a limited area.

Cameron had a small shower. Temperatures were due to be in the upper nineties for Wednesday and maybe Thursday and then on up to September proportions.

One place in Wisconsin Tuesday reported 104 degrees. Texas air broke through as it often does.

TAXES—
(continued from page one)

creases would be justified however if the other properties in this and other neighborhoods were raised in proportion and for these reasons I shall appeal the decision of the Equalization Board to the City Council and suggest to my neighbors and all other members of the 120 Club that they do the same.

J. B., you know as well as I that our penny ante methods of assessing, collecting and equalizing taxes in our city is getting us nowhere but further back in the back woods. Even now the City apparently has no funds to pay a day laborer to come out to this neighborhood to dig up the weeds from around the 4 inch fire plugs which we have hidden around here. A house was completely lost a few days ago by fire because our fine fire boys could not locate a hidden plug.

I would like to go on record as proclaiming that Cameron is definitely not a one horse town as you have so often heard. The only thing one horse about Cameron is in the Stature of vim and vigor in the minds of some of our public officials in not deviating from the paths of our forefathers who lived in that era.

In closing this epistle, I would like to bring out a couple of ideas which if anybody pays any attention to them might be a big help in rescuing our fair city from the one horse towners.

1. A City Tax Survey by competent Tax Engineers who will place a fair and proper valuation on every taxable property and make them stick legally, properties not assessed too high will be lowered and those who are getting by with low valuations will have to pay more. Result: Potential increase of the total valuation of the City to around Six Million Dollars. It is now around Four Million.

2. We desperately need a new city charter or whatever it is we are supposed to be operating on. With a new City Charter we could rapidly expand in all directions taking in considerably more tax wealth and expand our municipal facilities and get paid for our services whereas we do the same job now free.

We could abolish the office of the City Tax Assessor-Collector and hire a professional City Engineer Manager, Abolish the office of City Marshall and let the Board of Aldermen and Mayor appoint a Chief of Police. We could even give the Mayor and Aldermen a little increase in pay, as for the City Attorney's office, we don't need one anyhow. Any city official can get legal opinions by the car load from the Attorney Generals office in Austin for a 3 cent stamp.

Sincerely yours,
W. J. RICE

P. S.—The members of the Tax Board stated this morning that all utility companies had been notified to appear. An afterthought I'm sure.

RED RIVER —
(continued from page one)

of a group of over five hundred cowboys who are bringing north a herd of cattle, numbering in the thousands, to what they trust will be a railroad, thus opening up the entire market of the east to Texas cattlemen.

The trip is fraught with danger, including an Indian attack, a cattle stampede, and the hazardous crossing of the famous Red River by men, horses and cattle.

Although the story possesses the scope of such classic Westerns as "The Covered Wagon" and "Cimarron," never for a moment does Producer-Director Hawks let his audiences forget that he has a dramatic story to tell—a story that concerns principally the tough-thinging, hard-headed pioneer, Thomas Dunson, whose methods of driving his men run counter to the idea of Matthew Garth.

Halfway on their perilous journey, these two strong men split up, Garth to lead the men and their precious herd on to Kansas, Dunson left wounded and alone on the road. The stirring climax of the picture comes when Dunson meets Garth face to face at the end of this eventful journey—in Abilene—where the much longed for railroad train promises a financial successful future for all concerned.

A charming thread of romance is woven into the spectacular tale with the entrance of Tess Millay (Joanne Dru), during the Indian attack on a wagon train.

"Red River" was filmed in Elgin, Arizona, forty miles from the Mexican border, a locale that combined all the natural scenery that this magnificent picture demanded, with a cast of hundreds. Supporting the four co-stars are such players as Noah Beery, Jr., Harry Carey, Jr., and Harry Carey, Sr.

Mr. and Mrs. Rush Hairston are the proud parents of a so nborn at St. Edwards, August 21, 1948. The baby weighed seven and a half pounds and has been named, Stanley Ray. The Hairston's have another son, James Alvin, age seven.

Holland Wallace of Cuero was in Cameron during the Johnson vs. Hefley case. He and Bill Wallace of Cameron represented the executors of the Hefley estate.

MRS. FRANCES ISAACS IS NAMED CHIEF CLERK

Texas Local Board No. 92, the only Draft Board in Milam County, located at Cameron, was organized last week with F. G. Blake and August Kunz, Cameron, and Grover York of Rockdale as the board members.

Mrs. Frances Isaacs will be the local board Clerk. She served in this capacity during latter stages of the late war.

The Local Board has announced plans to carry out registration of men 18 through 25 years of age at the following places in Milam County: Milano, Rockdale, Thorndale, Gause, Buckholts, Cameron, and Burlington.

The registration card is similar to the one used during the last draft period. In addition to the usual information called for, veterans will be asked what branch of the armed forces they served in; their service or serial number; date of entry into service; name of last organization; and date of separation from the service.

Also those registrants having present membership in a reserve component of the armed forces will be asked their branch of service; their service or serial number; date of entry; and grade and organization.

The present draft law will be in effect until June 24, 1950 unless sooner terminated by Congress.

Obstinate ignorance is a crime for which there is no forgiveness.

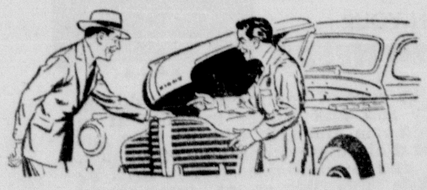
Brand-new Power in a matter of hours

Give Your Prewar Buick TODAY'S Fireball Zip and Power with a Completely Factory-Fresh Engine

No, there's no point in merely *wishing* you had all the peppy power of a brand-new 1948 Fireball engine under the bonnet of your trusty old Buick.

Not when you can dish yourself up a full portion of the same thrilling liveliness—in a matter of a day or so.



All you have to do is come in and see us. We can put a fresh-from-the-production-line 1948 Fireball engine into any Buick from 1937 models on. It's a completely new Buick engine – spick-and-span from head to pan—fully equipped with all the items listed in the panel.

As if by magic, you cancel out the thousands of miles of driving you've done. Cross off the leaky piston rings, worn bearings, tired ignition system. Scratch the threat of a costly engine overhaul. And figure the extra worth of your car when you're ready to turn it in.

The job doesn't take long—from one to two days. The cost is OK, too—surprisingly low. It varies a bit from model to model, but it's always low enough to make this deal a prize bargain. We'll give you the exact figure if you'll drive your car in.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

LOOK WHAT YOU GET—ALL FACTORY-NEW!

- New Cylinder Block
- New Crankshaft and Bearings
- New Connecting Rods
- New Pistons, Pins and Rings
- New Push Rods and Tappets
- New Oil Pan
- New Oil Pump and Screens
- New Thermostat and Housing
- New Carburetor
- New Air Cleaner
- New Manifolds
- New Water Pump
- New Camshaft
- New Timing Chain and Sprockets
- New Cylinder Head
- New Valves and Springs
- New Rocker-Arm Assembly
- New Flywheel Housing
- New Flywheel
- New Clutch
- New Balancer
- New Fuel Pump
- New Distributor
- New Spark Plugs
- New Spark Plug Wires

go with an Army job in Japan!

How times have changed.

Three years ago, when our first victorious combat men left Japan, much of it was a shambles. The Japanese people were so dazed by defeat they didn't know which way to turn. The life of an Army man often had its discomforts.

But look at him today! He's helped to start the rebuilding of Japan, to restore roads and railways, to inspire a tired and hungry people with the hope of Democracy. Under his guiding hand, courts of justice, woman suffrage and freedom of worship have been brought about. In Japan there is only one soldier for every 400 Japanese—the smallest per capita occupation army in the world.

The pay of a Private is 50% higher than three years ago, then another 20% higher overseas. And almost every cent can be banked. None of it goes for food, housing, medical or dental care, clothing, retirement annuity, or the opportunity to continue his education. The Army furnishes him equipment for organized sports. While on leave, he can ski in winter or visit summer resorts at a fraction of what these activities would cost him in the U. S.

An Army career in Japan is full of advantages such as these. Compare it with any job across the board—you'll find it hard to beat! Ask at your nearest Army and Air Force Recruiting Station for full details.

The Specialty Shop Style Show Fashion High Light Here

The Specialty Shop, owned and operated by Mr. and Mrs. Bill Donovan held its Fall style show on Tuesday of last week and was attended by a large group. Visitors from out of town were among the spectators and enjoyed the colorful array of new fall fashions.

Misses Margaret Horstmann, Marjorie Denson, Mildred Matyastik, Almarie Brady, Marion Brewer, Beverly Freeman, Sharon Cammer, Eleanor Smith, Virginia Graham, Charlotte Childress, and Mrs. John Lane Baskin were the attractive ladies who modeled the new fall fashions.

The newly air-conditioned Shop was beautifully decorated with a huge bouquet of yellow mums, fall folage and purple asters which was arranged in a large basket with gold and white ribbons and festoons attached to the wall. Other colorful flowers were placed at vantage points throughout the shop.

Jim Hargrove, announcer for KTEM, Temple was introduced by Mrs. Donovan and served as fashion comentator, introducing the models and styles.

Shown in the continuous two hour parade of luscious colors and combination of colors were designs from Justin McCarty, Hobbies of Dallas, Nordis of Dallas, Paul Sachs originals, Mary Muffett, Carol King and others. Corduroy was the outstanding feature and was shown with a combination of colors in woolen shirts and jackets. Among the variations of the full silouette were dresses with tight bodice and fitted hips with skirts that bell out to a wide but not exaggerated hem, and suits with jackets that are tight to the waist, and sharply extended and then dropped to pointed peplums over the skirt. Evening frocks were shown in rich texture and color. As to colors in general grayed shades were shown as were black and combinations of black with brown and light colors. The browns include popular bronze and beaver tones. There were bright reds, greens and jewel tones. For coats, piles and fleeces are favorites. Raincoats of elkskin fabric with detachable hoods were modeled. The precise and beautiful accessories gave the proper finishing touch to the fall costumes.

Miss Florine Hobson was the lucky winner of the six pairs of nylon hose given as a surprise feature of the occasion.

Service Guild At Methodist Church Enjoys Picnic Here

The Wesleyan Service Guild of the First Methodist church held a picnic in the city park for its members and their friends on Monday evening.

Miss Marie Brod is president of the Guild; Mrs. Charles Nabours vice president; Miss Frances Way, secretary; and Miss Dorothy Johnson, treasurer.

Mrs. J. R. Poole is secretary of spiritual life and Mrs. Charles Hicks is secretary of missionary education.

MRS. IDA BELLE LEWIS

Mrs. Ida Belle Lewis, Buckholts, will be a candidate for the B. S. degree at Mary Hardin-Baylor college's summer commencement, Aug. 23. She is one of 22 graduates who will participate in commencement activities beginning Saturday with traditional robing exercises and the president's reception. Sunday Dr. Charles R. Shirar, pastor of the Alexandria, La., First Baptist Church will deliver the baccalaureate. Dr. E. C. Routh, Baptist editor for over 40 years, will give the commencement address on Monday.

Mrs. Lewis, who is principal of the Belmena school, will receive her degree with a major in elementary education and minor in social science. She is a member of Pi Gamma Mu, honorary social science fraternity.

A teacher in Buckholts for 13 years, Mrs. Lewis has also attended Abilene Christian college and North Texas State college. She has had three years work at MH-B. She plans to take her masters degree at Teachers college, Columbia university.

Lawn Party Honors Earlene Angell Bride-Elect Saturday

A lawn party and wedding shower honoring Earline Angel, bride-elect of Bill Mack Williams and daughter of Mr. and Mrs. Earl Angell was given by Mrs. H. N. Tate on Saturday evening at 8 o'clock. The lawn was beautiful with blooming flowers and potted plants.

Mrs. J. T. Raney and Miss Dottie Hanel presided at the bride's book and served punch from a large bowl surrounded by fern and pastel flowers.

Mrs. Hugh Wimberly and Mrs. J. H. Angell conducted a number of spirited games and Miss Lois Randolph toasted the bride. Mrs. Tate gave a toast to the wives and Mrs. J. H. Angell gave one to the girls left behind.

Two large loundry baskets decorated in pink and white, overflowing with lovely gifts were presented to the bride-to-be.

Refreshments of angel food cake and ice cream were served to approximately fifty guests. Plate favors were tiny bags of rice tied with pastel ribbons and scroll attached with "Bill and Earline, September 5", at First Presbyterian church in Cameron.

Schreiber Family Holds Reunion

A reunion of the Schreiber family was recently held at the Joe Schreiber home where a chicken dinner and cold drinks were served. During the afternoon pictures of the group were made.

Those who enjoyed the occasion were: Mr. and Mrs. Rudolph Schreiber, Mr. and Mrs. Otto Nolte and family, Mrs. Ed Nolte and son, Mr. and Mrs. Bill Schroeder and family, Mrs. Larry Miller and son, Mr. and Mrs. Milton Schreiber and daughter, Mrs. Gussie Matula and Ted, Mr. and Mrs. Ludwick Matula, Mr. and Mrs. Joe Schreiber, Mr. and Mrs. Joe Hollas and son, Mr. and Mrs. Herbert Jistel and family, Mr. and Mrs. Alfred Barta and family, Mr. and Mrs. Ralph Michalka and two daughters, Mrs. Paul Matocha and daughter, Lynda, and Mr. and Mrs. Rudolph Richter and daughter, Margie.

Dierdre Ann Denson Enjoys Waldemar Camp Life at Hunt

Dierdre Ann Denson, daughter of Dr. and Mrs. T. L. Denson, Cameron, was on the Comanche winning dodgeball team, on first field day, at Camp Waldemar.

During the six feeks' term at Camp Waldemar, there are four big events. These are the first and second field days which occur about two weeks apart, the last day of camp when the horseshow takes place, during the day, and the farewell banquet in the evening, and the Ideal Girl award.

Mr. and Mrs. Jack Reeves of Junction and San Antonio, head the horseback department.

To be elected one of three tribal leaders at the beginning of the term and Ideal Girl, (one out of the entire enrollment of 300), at the end of camp, are the highest honors a girl may receive at camp.

The two field day programs are centered around tribal competition, there being three tribes—the Aztec, the Comanche and the Tejas—at Waldemar. Each girl attending Waldemar for the first time draws for her tribe and her membership in this tribe remains permanent as long as she returns to camp.

On horseshow day, however, the competition is purely between individuals as competition between tribes has been closed. At the banquet in the evening individual winners of various awards are named and at the very last the tribe which has won the most points for the term is announced.

The big event on field days are the war canoe races. And, on horseshow day—the Quadrille. It is considered a great honor for a girl to be chosen to participate in any one of these events.

Thelston Pounds Is Awaiting Assignment In Regular Army

Rc. T. Thelston Pounds, 17 year old so nof Mrs. Myrtle Williams has just completed an 8 weeks course at Fort Ord, California. He is with an infantry division.

Rc. T. Pounds is now awaiting assignment with the regular army. He will then be assigned to a unit within the continental United States or to a unit i na foreign theatre overseas.

He attended Yoe High School. He enlisted in May for 3 years. Friends and former school mates will be glad to have this news of his fine progress in the army.

Mr. and Mrs. I. L. Foster and family of Wilson spent a few days in Cameron last week. The Fosters are former residents of Cameron and have many friends who look forward with pleasure to their return visits.

Twin Daughters Born To Carroll Greens Here Late Friday

Twin daughters, Valerie and Lynette, were born late Friday, August 20, 1948 to Mr. and Mrs. Carrol Green, at the Newton Memorial Hospital.

Valerie weighed 6 pounds and 8 ounces and Lynette weighed six pounds and 4 ounces.

Mr. and Mrs. Green are the parents of two other children also, Carroll, Jr., 8, and Pamala, 3.

Phone your news items to 282.

Mrs. K. D. Fuller of Houston was a guest of Mrs. N. D. Fuller of Cameron for the past week end.

Miss Helen Jackson and brother, Capt. W. R. Jackson of San Francisco, California, Miss Louise Mareth and sister, Mrs. H. Reineke of Waco visited in Cameron and San Antonio the past week end.

The condition of Billy Watson, who is a patient in Pennsylvania Avenue Hospital in Fort Worth continues to be critical. His many friends in Cameron are hopeful that he will soon recover.

CELEBRATING MY

30th BIRTHDAY Anniversary

Starts Saturday August 28th

No, it is not really my birthday, because after all I am more than thirty years old, but this August does mark the end of thirty years of association with the Colemans. So, to celebrate this event, I am having a sale all my own—opening SATURDAY THE 28th. The store is mine for seven days. I will receive a bonus on the gross sales for the week and I am inviting my friends and customers to come in and see me.—W. M. FANNING.

The management of this store is pleased to take this means of grateful recognition of thirty years of association with W. M. Fanning. It was in August, 1918 that Mr. Bill first came to work for the old Cameron Furniture Co., which was headed at that time by my father. World War I was drawing to a close and the summer had been very hot and dry. Floods, drouths, depression and another World War all have added to trials and tribulations of 30 years of business, but the loyalty, friendship and honest stamina of W. M. Fanning has survived. A certain percentage of the gross sales of seven days will be paid him and your purchases will add to his Anniversary Bonus.

PORTABLE SUBSTATION NEW TP&L EQUIPMENT

In order to augment present facilities and minimize the possibility of interruptions to service, Texas Power & Light Company has received delivery of a new custom-built substation on wheels, it was announced this week by John W. Carpenter president and general manager. This self-contained unit, mounted on a 32-foot highway trailer, was specially designed by the General Electric Company for TP&L and has already seen service at several points within the territory served by the compnay, Mr. Carpenter said.

The equipment is ready to roll, on a moment's notice, to any part of the system where an extra or emergency substation is required. The unilt can be used as a temporary source of transforming electrical power while permanent substations are being built or repaired.

"This new portable substation is another example of Texas Power & Light Company's policy of looking ahead to provide facilities to assure dependable electric service to its customers at all times," Mr. Carpenter said. "The company's slogan has always been 'Providing for the Texas of Today—Planning for the Texas of Tomorrow.' In addition to ordinary and anticipated demands, the company's objective is to always be prepared to meet the unusual and unforseen situations which may arise. This new mobile equipment will be of untold advantage in meeting emergencies wherever they may happen in the area Texas Power & Light Company serves."

The substation was designed according to specifications drawn up by Texas Power & Light Company engineers. It is capable of handling sufficient power to supply the electrical needs of a small town. Between two and three thousand homes can be taken care of by this equipment.

Biggest problems in its construction were those of keeping within the limits of highway regulations of width, length, height and weight. A special arrangement allows two outboard poles of the disconnecting switch to be cranked in and out so that highway clearances may be met while insuring standard switch spacing during operation. A cooling system of forced oil circulation reduces the weight of the transformer.

The complete unit includes high voltage switching, fuse protection, lightning protection, transforming capacity and outgoing feeder protection, all suitably mounted on a trialer. Its rated capacity is 2,000 kilovolt amperes at 67,000, 60,000, 33,000 and 22,000 volts. The whole unit ready for operation, tips the scales at close to 50,000 pounds.

4 DAYS STRAIGHT IT HAS BEEN 104 DEGREES

A near record continuous heat spell had Cameron dizzy and somewhat frantic as no end was in sight.

The Daily Herald in order to bring the de-hydrated community up to date on the state of the weather asked L. W. Smith of the Community Public Service Company to make a 6 day chart.

Here is the record: August 15 102 degrees, August 16 it was 100 degrees and then folks began to feel chilly, so it was a mere 97 on August 17. On August 18 it was 100 degrees, on August 19, 20, 21 and 22nd it was 104 degrees.

The weather forecast at noon held out little or no prospects for relief. A low pressure area was developing slowly around the Canadian border in North Dakota, but for that matter it was around 30 degrees on top of Pikes Peak. Light showers were due in the north portions of the Panhandle and possibly in East Texas

Joyce Wise of Milano was among 217 students who received degrees in the summer graduation ceremonies at Southwest Texas State College,

Election Supplies For August Primary Have Been Delivered

Election supplies for the Saturday, August 28 run off primary have been delivered to 47 election managers in the county.

J. P. Petty of Sharpe who has contracted the delivery of these supplies for the county executive committee for several years will have completed his job by Tuesday night.

Tuesday is the last day for absentee voting.

Notice to Long Distance Telephone Users

Certain changes in charges and practices pertaining to long distance calls within the State of Texas will be made effective September 1.

Report Charges

Report charges, applied to person-to-person calls under certain conditions since 1919, will be discontinued beginning September 1.

Basic Station-to-Station Day Rates

In 74 of the 800 air line mileage distances, rates will be increased 5 cents. These involve about half of the distances up to 146 miles. Basic rates for longer distances are not affected.

Person-to-Person Day Rates

Person-to-person rates are based on the station-to-station rates. The differential between rates for station-to-station service and for person-to-person service has varied from a minimum of 10 cents per call under 31 miles to an average of over 43 per cent on calls between 31 miles and 150 miles and an average of 35 per cent on calls over 150 miles. The differential will be established with a minimum of 15 cents per call under 45 miles and a uniform differential of about 40 per cent on all other calls. Report charges will be discontinued.

Night and Sunday Rates

A discount of approximately 20 per cent from the station-to-station day rate will apply on all station-to-station calls costing over 40 cents completed during night hours and all day Sunday The night and Sunday discount on person-to-person calls generally will equal in amount the discount on station-to-station calls between the same points.

The principal changes to be made are described above. More detailed information may be obtained at any company business office.

SOUTHWESTERN BELL TELEPHONE COMPANY

Firemen Will Burn Grass off Vacant Lots; Just Call Them

The Firemen will burn grass off vacant lots anywhere in the city. All you have to do is to call any one of the following numbers after 5:30 p. m: 908 Chief Ralph Michalka; 319 Fire Marshal John Eanes; 66 Frank Richter.

Since the current outbreak of fires due to grass ignition, set or accidental, Firemen have had a hard and dangerous time. They will be glad to burn these grass patches under safe conditions if you will co-operate.

Chief Michalka and Fire Marshall John Eanes asked the Daily Herald to request co-operation from the people. The Firemen want to do the job after working hours when the firemen can spend the time.

This is regarded as a fine spirit among our most worthy citizens and if the people will co-operate a measure of safety can be had while abating fire menace .

Bill Alex Bonds Is Seriously Ill

Bill Alex Bonds, former tax collector and prominent citizen, is seriously ill and a patient in Scott & White hospital in Temple.

Mr. Bonds, it was said here, suffered a stomach hemorrhage on Friday night and was taken immediately to the hospital in Temple. Reports Monday said he was slightly improved.

Mrs. Bonds is also in the hospital having been operated on there last Thursday.

THE WEATHER

Continued high temperatures may be expected through Friday and Saturday. Temperatures ranging from 100 to 105 were prevalent over a wide area of the state Thursday. It was 104 in Dallas. It was 104 in Cameron. No rain is forecast.

YOUR BANK Is in Business for Your Wealth

Your bank stands in the same position to your financial welfare as your doctor does to your health. It is through your bank that you assure your future . . . build up your reserve against the time of need.

Even when it is not actively serving you, your bank contributes indirectly to your well-being by keeping the lifeblood of community business flowing.

There are many sound doctors . . . but the doctor who inspires your confidence is the one who takes a personal interest in your welfare . . . So it is with your bank.

Mutual confidence . . . friendly trust are as important to a lifetime association as sound background. You can bank on all these qualities when you bank with Citizens National Bank.

EVERYTHING REGULATED EXCEPT INTEREST RATE

WASHINGTON, Aug. 19—The government today clamped controls on most consumer installment credit purchases between 50 and $1,000, effective Sept. 20.

A new federal reserve board regulation requires a one-third down payment on automobiles and a 20 per cent down payment on most household appliances including stoves, refrigerators, washers, radios, and vacuum cleaners.

A time limit of 15 months is fixed for completing all "easy payment" plans of $1,000 or less.

Eighteen months is the deadline for purchases above $1,000.

The regulation is termed "regulation W," the name carried by the post-war credit rule which expired last November.

The restoration of credit control was authorized by the Republican anti-inflation act signed by President Truman on Monday.

The new down-payment rules are less strict in several cases than those formerly applied. But the enforcement terms are stronger, because the controls now have legislative backing instead of the emergency wartime authority formerly used.

The possible criminal penalty for violation is a maximum of $10,000 fine and ten years' imprisonment or both.

The old regulation W covered installment contracts only up to $2,000 Because of the swift increase of post-war automobile prices, the new limit was set at $5,000.

The 20 per cent down payment applies to these 11 classes of goods:

Cooking stoves, dishwashers, ironers, refrigerators, washing machines, combination ironer-washers, air conditioners, radio and television sets and phonographs, sewing machines, suction cleaners and furniture, and soft-surface floor coverings.

The rapid growth of consumer credit in the last year has alarmed officials. It has reached a record peak of $14,200,000,000.

Delmar Fuller returned to his home in Houston after speding the summer months with his grandparents, Mr. and Mrs. N. D. Fuller of Cameron.

Mr. and Mrs. Raymond Green and family of Texas City spent the week end in the home of Mr. and Mrs. W. O. Rinn of Cameron.

Obstinate ignorance is a crime for which there is no forgiveness.

Cameron Party Goes To Colorado Springs

Mrs. L. L. Blaylock and daughter, Mrs. Bill Newton and grand daughter Miss Katie McLane, daughter of Mr. and Mrs. Drayton McLane, left Cameron Wednesday for Colorado Springs.

The party are traveling over the Santa Fe and while in Colorado will visit other interesting places in the state.

They will return to Cameron in a few weeks. Mrs. Blaylock has been in Cameron for some months after a visit with her son Leonard Blaylock in Albany, New York.

Roberta H. Bowling of Gause was among 217 students who received degrees in the summer graduation ceremonies at Southwest Texas State College, August 20.

AN OPEN LETTER

To Congressman Lyndon Johnson

YOUR SUPPORTERS HAVE BEEN BUSY ASKING QUESTIONS OF COKE STEVENSON, THE LEADING CANDIDATE FOR U. S. SENATOR. SO . . .

Here Are Some Questions

We Would Like to Ask You

1. Why did you vote NO on April 18, 1946, on the resolution to authorize the judiciary committee of the House to investigate the disposition of certain charges in connection with the theft and possession of secret government documents?

2. Why did you vote NO on May 17, 1946, on the appropriation of money to enable the House Un-American Activities Committee to continue its work?

3. Why did you vote NO on April 30, 1947, on the bill denying foreign relief to any country dominated by Russia unless the relief was wholly supervised by Americans?

4. If you have the energy, initiative and independent judgment your supporters claim you have, and if you have not been a rubber stamp Congressman, please refer us to one piece of legislation passed by the Congress during you 11½ years there that bears your name.

5. Why have you never introduced any legislation to control inflation?

6. How did you vote during 1947 and 1948 on the question of reducing income taxes?

WE THINK THE VOTERS SHOULD KNOW!

To The Voters:

A LAST-MINUTE SMEAR ATTACK IS BEING PLANNED UPON THE CHARACTER OF FORMER GOVERNOR COKE STEVENSON

This attack is a desperate attempt by Coke Stevenson's CIO-endorsed opponent to discredit his long years of faithful service to the people of Texas. Remember—**character assassination is the true mark of the radical** Consider the source of this smear campaign when it is delivered to your home in newspaper or pamphlet form—consider the brilliant and reliable record of Coke Stevenson as Governor of Texas—and then VOTE FOR COKE FOR UNITED STATES SENATOR from Texas.

The Dallas County Stevenson Campaign Committee will offer certain information to the public between now and August 28. All this information will be amply documented, and shall bring out the following facts:

1. That Lyndon Johnson has the underground support of the CIO and is running with the support of the Political Action Committee of the CIO.

2. That Lyndon Johnson bore the endorsement of Henry A. Wallace when he ran unsuccessfully for the Senate in 1941 and Henry A. Wallace's right-hand man, on leave from Washington, signed and paid for political advertisements in his behalf.

3. That the Progressive Voters League (CIO-sponsored) supported Lyndon Johnson in the first primary and is supporting him in the runoff.

4. That Lyndon Johnson hurried to Washington after he trailed so badly in first primary and obtained the endorsement of three large national unions whose headquarters are in the North.

5. That J. Frank Dobie, former University of Texas professor and leader in the Rainey campaign two years ago, is publicly supporting Lyndon Johnon for Senator and Henry A. Wallace for President at one and the same time.

6. That Lyndon Johnson voted three times alongside Vito Marcantonio and other Party-line regulars in Congress against measures which were meant to put a curb upon the Communist menace both here and abroad.

COKE STEVENSON STANDS FOR SOUND GOVERNMENT AND FOR PROGRESSIVE ACHIEVEMENT WITH ECONOMY
